

WORKPLACE MATCHING GIFT PROGRAMS

The Hardy Elementary School PTO, a non-profit educational charity, is a 501(c)(3) corporation and is eligible for matching gift contributions.

Participating in a matching gift program makes your donation go farther. Many companies encourage charitable giving by matching an employee's donation to a favorite charity. In a matching gift program, employers typically match donations from their employees up to a certain dollar amount per employee per year.

Ask your company's HR department if your company has a workplace giving program.

HARDY PTO INFORMATION:
